To: People interested in the Klickitat Hatchery Spring Chinook Upgrades Project

Bonneville Power Administration (BPA) has prepared a draft environmental assessment (EA) for the proposed Klickitat Hatchery Spring Chinook Upgrades Project. The EA describes the project and why it is needed, discusses the environmental impacts the project would create, and lists the mitigation measures that would lessen those impacts. This letter requests your comments on the EA, announces a public meeting, and outlines the next steps for the project.

How to Comment: The EA can be viewed at the project website at www.bpa.gov/nepa/klickitat-hatchery-upgrades. If you requested a hard copy, it is enclosed. If you would like to request a hard copy (about 225 pages), please call our toll-free document request line at 1-800-622-4520. Please leave a message with the project name, your name, and complete mailing address.

Please send your comments on the EA by **May 9, 2023**, and reference the Klickitat Hatchery Spring Chinook Upgrades Project. We will consider all comments submitted during the comment period and provide responses to substantive comments in the final EA. In addition, comments will be available on the project website. There are several ways to comment:
