FREEDOM OF INFORMATION ACT PROGRAM

March 26, 2019

In reply refer to: FOIA #BPA-2019-00559-F

(b) (6)

A large black rectangular redaction box covers the majority of the page content. The text "(b) (6)" is written in red at the top left corner of this redacted area.

Thank you for your interest in the Bonneville Power Administration (BPA). The agency received your request for records made under the Freedom of Information Act, 5 U.S.C. § 552, (FOIA) on March 6, 2019. Your request has been assigned a Department of Energy (DOE) tracking number of BPA-2019-00559-F. Please use that number in any correspondence with the agency about your request. This communication is the agency's formal acknowledgment and final response to your request.

Request

"A complete list of salaries of BPA employees for fiscal year 2018, including the name of employee, job description and or department and salary broken down by baseline salary, overtime and bonuses."

Acknowledgement

BPA has reviewed your request and has determined that it fulfills all of the criteria of a proper request under the FOIA and DOE regulations at Title 10, Code of Federal Regulations, Part 1004.

Response

BPA's Payroll Department located 49 pages of records responsive to your request. BPA is herein releasing 49 pages with limited redactions applied under 5 U.S.C. § 552(b)(6) (Exemption 6). An explanation of the applied exemptions follows.

Exemptions

The FOIA generally requires the release of all responsive government records upon request. However, the FOIA permits withholding certain limited information that falls under one or more of nine statutory exemptions (5 U.S.C. §§ 552(b)(1-9)).

Exemption 6

Exemption 6 protects information in “personnel and medical files and similar files” when the disclosure of such information “would constitute a clearly unwarranted invasion of personal privacy” (5 U.S.C. § 552(b)(6)). BPA invokes Exemption 6 here to protect BPA employees’ identification numbers. Exemption 6 generally applies to agency records that involve personal privacy. Exemption 6 incorporates a balancing test that weighs an individual’s privacy interest against the public interest in disclosure. BPA has determined that the subject individual(s) have a privacy interest in the information withheld. The only public interest to be considered under the FOIA is whether a public release of the withheld information could shed light on agency activities. BPA has determined that a public release of the information protected would not add to the public’s understanding of agency activities. BPA therefore concludes that the privacy interest outweighs the public interest in disclosure. Note that the privacy privilege belongs to the individual(s) and BPA cannot discretionarily release the subject information.

Fees

There are no fees associated with this request.

Certification

Pursuant to 10 C.F.R. § 1004.7(b)(2), I am the individual responsible for the records release and exemption determinations described above. Your FOIA request BPA-2019-00559-F is now closed with all available agency records and information provided.

Appeal

The adequacy of the search may be appealed within 90 calendar days from your receipt of this letter pursuant to 10 C.F.R. § 1004.8. Appeals should be addressed to:

Director, Office of Hearings and Appeals
HG-1, L’Enfant Plaza
U.S. Department of Energy
1000 Independence Avenue, S.W.
Washington, D.C. 20585-1615

The written appeal, including the envelope, must clearly indicate that a FOIA appeal is being made. You may also submit your appeal by e-mail to OHA.filings@hq.doe.gov, including the phrase “Freedom of Information Appeal” in the subject line. (The Office of Hearings and Appeals prefers to receive appeals by email.) The appeal must contain all the elements required by 10 C.F.R. § 1004.8, including a copy of the determination letter. Thereafter, judicial review will be available to you in the Federal District Court either (1) in the district where you reside, (2) where you have your principal place of business, (3) where DOE’s records are situated, or (4) in the District of Columbia.

You may contact BPA's FOIA Public Liaison, Jason Taylor, at the address on this letter header for any further assistance and to discuss any aspect of your request. Additionally, you may

contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows:
