

CHWM Calculation Implementation Updates

October 22, 2024

Bonneville
POWER ADMINISTRATION

Updated CHWM Model Release

- The final Policy CHWM Model version was released alongside the final Provider of Choice Policy in March 2024.
- Recent revisions:
 - Total Retail Load: Updated actual FY 2023 load.
 - Updated actual FY 2023 load minus Ex. D grandfathered amount (if applicable).
 - Info Tab: Updated data descriptions and references.
- Updated CHWM Model is now available on BPA's [PoC webpage](#).
- There will be another potential update later this fall to incorporate CHWM Implementation Policy Attachment A resource amounts, resource removal requests, and potential economic adjustments. Staff evaluating timing/availability.

CHWM Adjustment Requests

- Customer requests were due October 1 for:
 - Economic Adjustment.
 - CF/CT Adjustment.
 - Non-federal resource removal (to be counted in the CHWM calculation).
- Review is underway on all customer requests.
- Preliminary evaluation whether a customer may qualify for an adjustment or a resource removal will be communicated to customers in late fall.
